

HDC HT1

## MEDICAL TESTS

Dear Customer,

Thank you for selecting HDC Medical Trichology Center for your Hair Restoration. In order to proceed in safety the operation, we would need the following tests:

1	Full Blood Test & ESR, CHOL, HDL, LDL, TRIG, GLUCOSE, FERRUM	4	Hepatitis B (HbAgAu)
2	INR – Prothrombine Time (P.T.)	5	Hepatitis C (Anti-HCV)
3	Activated Partial Prothrombine Time(A.P.T.T.)	6	HIV test

***N.B.:*** *The above-mentioned blood tests can be arranged at HDC Medical Trichology Centre, at any medical laboratory of your choice. In case of a medical laboratory of your choice, please, send us the results at the latest, one (1) week prior to surgery date.*
